Proclamations

Kern County submitted a signed Proclamation

- Kern County proclaimed a local emergency on 6/23/16.
- Kern County submitted a Proclamation Continuance of the local emergency on 7/07/16.
- A State of Emergency was proclaimed on 6/24/16.
- An Fire Management Assistance Grant (FMAG) 5131 approved on 6/23/16.

FMAG

- An FMAG #FM5131 was approved on 06/24/2016.

Deployments

- 3 Individual Assistance (IA) Liaisons Deployed for Initial Damage Estimates
- 2 Public Assistance (PA) Disaster Assistance Programs Specialist
- 1 Cal OES Telecommunications Coordinator

Animal Shelters

- Kern County Animal Services is assisting with animal sheltering operations. Domestic animals are being housed next to the shelter at Kernville Elementary.
- River Kern Kennel is sheltering large animals.

FIRE ACTIVITY

Erskine, Vegetation Fire, Lake Isabella, Kern County

Recovery

Initial Damage Estimates and Preliminary Damage Information:

- Kern County Building, Environmental Health and Sheriff's Office representatives conducted an assessment in Squirrel Valley and South Lake. Public Health teams assessed properties affected by the fire for debris management and initial hazards; and are in the process of reviewing water systems in the area. Building Inspection teams assess safety of the structures and placed a colored tag on each structure: Red means do not enter or occupy structure; Yellow means restricted access, and specific instructions are written on the tag; and Green means lawful occupancy permitted and that no apparent structural hazard has been found.
- Cal OES Public Assistance has deployed two Disaster Assistance Programs Specialists to the Kern County EOC to coordinate hazardous materials debris operations.

Debris and Hazardous Waste Management

- Cal Recycle standing by for situational awareness and possible tasking for debris removal and are in contact with local authorities concerning landfill capacity.
- Kern County authorities will decide whether to use the public health declaration to allow DTSC in to remove the hazardous materials or if signed access agreements will be required from each property owner first (likely to delay work 2-3 weeks). DTSC is in a holding pattern until the decision is made.

Local Assistance Center (LAC)

- Kern County has confirmed the opening of a Local Assistance Center on Friday, 7/1/16 from 1200 hours until 1800 hours at the Woodrow Wallace Middle School, 3240 Erskine Creek Road, Lake Isabella, CA.
- The hours of operations are as follows:
 - Monday – Friday 0900 to 1800 hours
 - Saturday and Sunday 0900 to 1600 hours
- The LAC will operate through Sunday, 7/10/16. The county plans to assess survivor participation to determine whether the LAC will be extended beyond 7/10/16.
- The following agencies are being asked to participate:
 - Representatives from the State: Governor's Office of Emergency Services, Contractors State License Board, Department of Motor Vehicles, Department of Insurance, Employment Development Department, Department of Public Health-Vital Records
 - Representatives from non-profit Organizations: Kern Chapter American Red Cross, Buddhist Tzu Chi Foundation, California Southern Baptist Convention, Four Square Disaster Relief, HOPE Animal Assisted Crisis Response, Kern County Sheriff's Department Volunteers, Mennonite Disaster Services and United Policyholders
 - Representatives of the County of Kern include: Aging & Adult Services, Assessor-Recorder, Building Inspection Division, Elections, Mental Health System of Care, Planning & Natural Resources, and Public Health Services
- LAC support – MIGU 5 has been deployed to the location of the LAC. Cal OES staff are on scene.

- Red Flag Warning in effect from 1000hours Sunday through 0600 hours on Monday morning for portions of Los Angeles, Santa Barbara and Ventura County

Active Weather Warnings, Watches and Advisories by County:

http://www.wrh.noaa.gov/sto/brief/www_bc_cal.php

WEATHER SYNOPSIS BY REGION

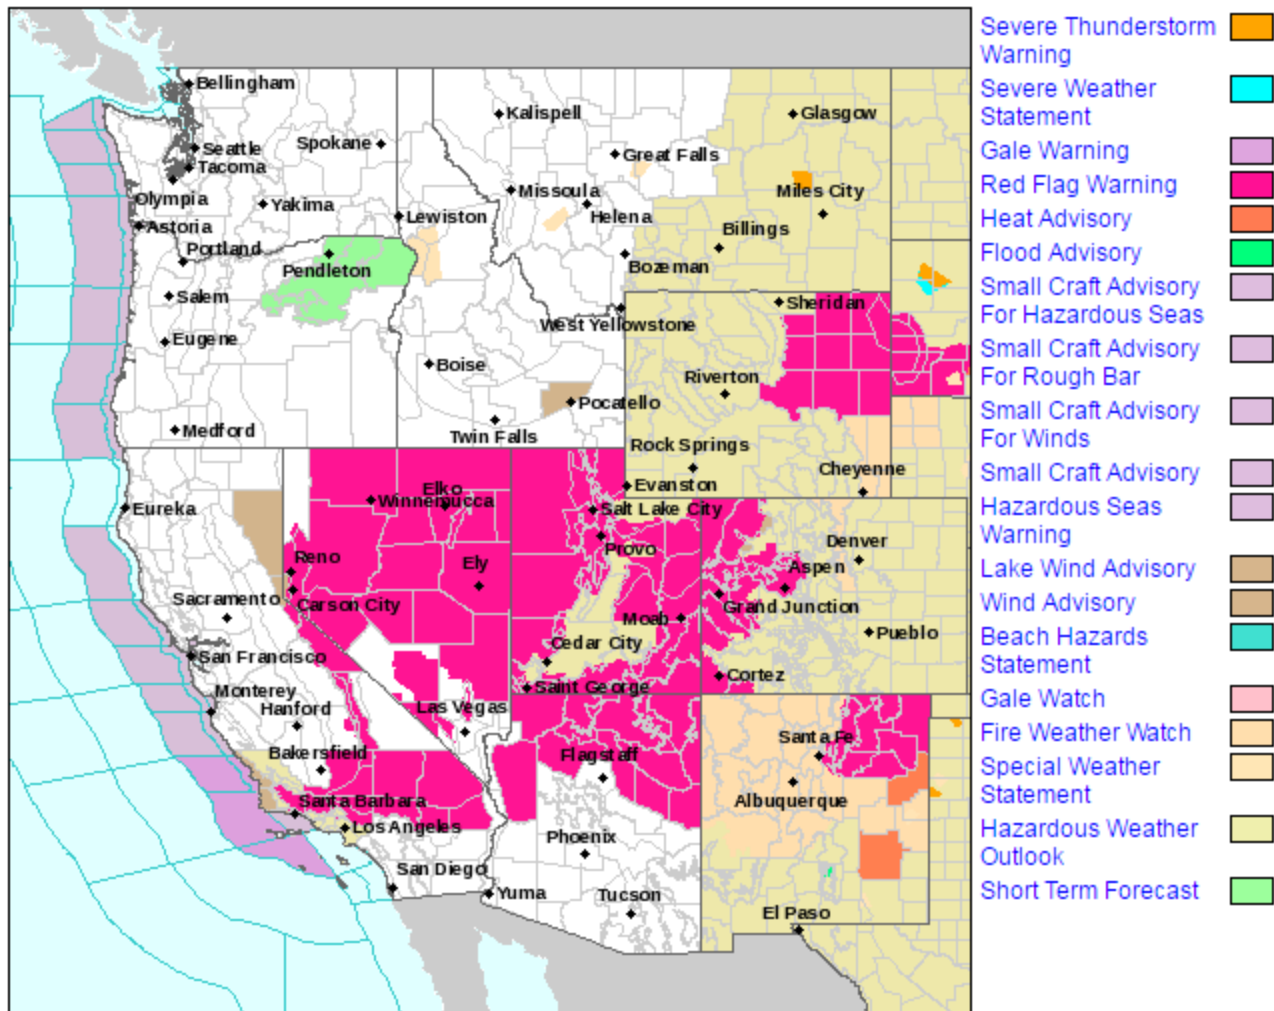

NORTHERN CALIFORNIA

A deep low pressure area off the Pacific Northwest coast today will move inland across Oregon toward the Northern Rockies Sunday and Monday. The low pressure trough associated with the low will be over Northern California through early Sunday, then move into the Great Basin. Temperatures across the region will be as much as 10-12 degrees below normal through Sunday. Gusty southwest to northwest winds can be expected in most areas. A few light rain showers can be expected in far northern areas today and early Sunday. Thunderstorms are unlikely, but not out of the question. If a thunderstorm does occur, it will produce rainfall. The most likely area for showers will be north of a line from Cape Mendocino to Lava Beds New Mexico, especially over the higher terrain. Moderate to locally strong southwest to west afternoon winds are expected near and east of the Cascade/Sierra crest today. Wind gusts could reach 35-45 mph there this afternoon. Humidity will likely remain above 20% there, however, high pressure will set up over the Desert southwest and southern CA early in the week and remain in place for several days, producing a gradual warming and drying trend throughout Northern California. Temperatures will return back to normal by midweek. Occasional night and morning north to northeast downslope surface winds will enhance the warm and dry conditions in the Sacramento Valley and nearby foothills.

SOUTHERN CALIFORNIA

A trough heading into the Pacific Northwest will generate gusty winds over much of the area this weekend. Early this morning, winds were gusting to 35 mph in the southern Sierras. These winds to increase and expand to include much of the Sierras and the Kern County Mountains by afternoon. The strongest winds today will likely occur in the Sierra back country into the western Owens Valley and much of Mono County where west winds of 20-30 mph with infrequent and erratic gusts can be expected much of the day. Minimum RH will fall into the 10-15% range in these areas by this afternoon. It will also continue to be windy in the Kern County Mountains and the Antelope Valley where winds of 20-30 mph with gusts to 50 mph will be possible from this afternoon through Sunday night. The flow at the surface and aloft will turn more north and northwesterly tonight in the wake of the trough which will shift the strongest winds into portions of Southern California. Late tonight into Sunday, north winds of 15-25 mph with gusts to 40 mph will develop in Santa Barbara County and the I-5 Corridor. These winds may ebb a bit Sunday afternoon, but expect them to intensify Sunday evening when some wind gusts to 50 mph will be possible. Expect single digit RH in Santa Barbara County as well as areas adjacent to the I-5 Corridor Sunday for several hours Sunday. The winds may stay quite strong Sunday night before all winds slacken around noon Monday. Temperatures will be a bit cooler the next two days with highs in the upper 80s to lower 90s in the valleys. Next week, a warming trend is expected as high pressure rebuilds over Southern California. Highs will likely reach 100 degrees in the valleys by next Thursday or Friday. No thunderstorms are expected the next 7-10 days.
